**IS JOE KENT A BERNIE SANDERS SOCIALIST? A GLOBALIST BILDERBERGER
TROJAN HORSE? OR BOTH??**

Joe Kent was a Portland Democrat for nearly a decade and backed Bernie Sanders for President even after he dropped out of the race. Then Kent switched states, switched parties, and claimed he was a MAGA conservative, even though there's no record of him voting in 2016. In 2020, Kent voted in the Democrat primary... for Bernie Sanders.

Tech billionaire Peter Thiel recruited Kent to run for Congress, and Kent's running on a Thiel-inspired platform that includes a \$10,000 per child refundable tax credit costing trillions and government land confiscation and income redistribution schemes that would make Bernie Sanders blush.

Kent said that Biden's Marxist income redistribution policies, opposed by every single Republican in Congress, "didn't go far enough."

But now Kent's facing another problem.

Washingtonians learned this weekend that Thiel, Kent's biggest donor, is also a prominent organizer in the Soros-linked Globalist one-world oriented Bilderberg Group meeting. Bilderberg brings together international corporate chiefs, financiers, and world

leaders in order to conspire to end national sovereignty and transfer more power to international bodies like the UN and WHO.

“Joe Kent claims he opposes the Globalist Soros Agenda that the Bilderbergers endorse. But his biggest donor is not only a Bilderberger, but he’s also a prominent organizer of their secret society meetings,” said Heidi St. John, a Republican challenging Kent for Congress.

“For months we’ve been aware that Joe Kent was a Democrat in Portland for nearly a decade, and that he voted for Bernie Sanders for President. But as he’s talked about his policy positions for Washington State, we see also that he endorses radical Bernie Sanders ideas like five-figure monthly government welfare checks for every single child and confiscating land from so-called ‘rich people’.”

“Now we learn that Kent’s biggest backer is an international Globalist and member of the secret Soros-linked Bilderberg Society,” St. John added. “So now we have to wonder. Is Joe Kent a Bernie Sanders Socialist? A Bilderberger Trojan Horse? Or both??”
